$\text{Corrected Time} = \frac{\text{Elapsed Time} \times 100}{D - PN}$ where Corrected Time and Elapsed Time are in fractional minutes				Note that the "Points" are based on the High-Scoring System. A finisher receives one point plus an additional point for each boat that entered the starting sequence but did not finish ahead of her (corrected time). Note that "Did Not Finish" boats receive zero points but their entry into the starting sequence does affect the points for the finishers.
