Race Summary:															
The day began with hail in Santa Rosa. When the skippers started arriving, it was quite blustery but the sky was clearing. With one capsize before the first race started and another right after the start, it certainly was an eventful day. Two skippers shortened sail, with one shaking out his reef during the third race. There was a self-timing fault on races 2 and 3, with the winner decided by all the skippers. Thanks to Rebecca's husband Jeff for timing the first race and to their 3-year-old daughter for making everyone smile.

Race Summary:															
Great sailing weather - - wind, sunshine, warm temperatures. We couldn't convince the Capri 14.2 or the Snark on the Lake to join the races, but kayaks, canoes, a stand-up paddler, and a swimmer (!) shared Spring Lake with us. The second race was won by only 9 seconds (corrected time). The BBQ with pulled-pork and home-brewed beer by Steve was a wonderful finish to the race day. Join us in July!

Race Summary:															
Another great day on Spring Lake. The racing was very interesting, with three skippers choosing one side of the island on the "downwind" leg and three skippers choosing the other side! Of course, the wind filled in as we were finishing the last race!
